INTRODUCTION

Welcome to your benefits program for 2020!

This brochure provides a summary of the benefits available. Anne Arundel Community College reserves the right to modify, amend, suspend or terminate any plan at any time and for any reason without prior notification. The plans described in this brochure are governed by the insurance contracts and plan documents, which are available for examination upon request. Should there be any discrepancy between this brochure and the provisions of the insurance contract or plan documents, the provisions of the insurance contracts and plan documents will govern. In addition, you should not rely on any oral description of these plans, as the written description in the insurance contracts will always govern.

During the calendar year, you only can make changes (add to or drop from the plan) when you have a qualifying family status event (defined as: birth or legal adoption of a child, marriage, death of a spouse, divorce, etc.). You must notify Human Resources within 30 days of a qualifying event. If you have any questions regarding your benefits after reading this summary, please contact Human Resources at ext. 2425.

MEDICAL INSURANCE PLANS

Anne Arundel Community College offers a choice of medical plans through CareFirst BlueCross BlueShield. Refer to the tables on pages 5 and 6 for a highlight of the medical benefits available.

DENTAL INSURANCE PLANS

CIGNA DENTAL CARE (DHMO) is an exclusive provider plan offering quality benefits at an affordable price. Employees enrolling in the DHMO must choose a primary dentist. This plan covers all areas of dentistry using a set fee-for-service schedule. Prior to undergoing major dental work, it would benefit you to review the DHMO fee schedule with your dental provider. This will ensure you understand your patient responsibility before treatment begins.

BENEFITS	FEE FOR SERVICE
Preventive and Diagnostic Care - Exams, Cleanings, X-Rays	See fee schedule*
Basic Restorative Care - Fillings, Extractions, Root Canals	See fee schedule*
Major Restorative Care - Crowns, Dentures, Bridges	See fee schedule*
Orthodontia (Children and Adult)	See fee schedule*

*A copy of the fee schedule can be obtained from Human Resources.

CIGNA DENTAL PPO enables members to use a participating dentist or access care with a provider outside of the network. If you use a provider outside of the network, you will be responsible for higher out-of-pocket costs, including any additional charges billed by the dentist.

BENEFITS	IN-NETWORK/OUT-OF-NETWORK
Calendar year maximum (Class I, II, III expenses)	\$1,000 per covered member
Calendar year deductible Individual Family	(applies to Class II and III) \$10 \$25
Class I: Preventive and Diagnostic Care - Exams, Cleanings, X-Rays	100% of Allowed Benefit (AB)
Class II: Basic Restorative Care - Fillings, Extractions, Root Canals	100% AB, after deductible
Class III: Major Restorative Care - Crowns, Dentures, Bridges	80% AB, after deductible
Class IV: Orthodontia (Coverage for Dependent Children up to age 26)	Covered at 50% AB with a \$1,000 lifetime max

CIGNA DENTAL BUY-UP PPO plan is similar to the Dental PPO in which it enables members to use a participating dentist or access care with a provider outside of the network. If you use a provider outside of the network, you will be responsible for higher out-of-pocket costs, including any additional charges billed by the dentist. The Buy-up PPO offers a higher annual maximum for in and out of network benefits. Deductibles for the buy-up plan will be higher than the traditional PPO plan and employees will have a per pay premium for this plan.

BENEFITS	IN-NETWORK	OUT-OF-NETWORK
Calendar year maximum (Class I, II, III expenses)	\$2,000 per covered member	\$1,500 per covered member
Calendar year deductible Individual Family	(applies to Class II and III) \$25 \$50	(applies to Class II and III) \$50 \$100
Class I: Preventive and Diagnostic Care - Exams, Cleanings, X-Rays	100% of Allowed Benefit (AB)	90% of Allowed Benefit (AB)
Class II: Basic Restorative Care - Fillings, Extractions, Root Canals	100% AB, after deductible	90% AB, after deductible
Class III: Major Restorative Care - Crowns, Dentures, Bridges	80% AB, after deductible	70% AB, after deductible
Class IV: Orthodontia (Coverage for Dependent Children up to age 26)	Covered at 50% AB with a \$2,000 lifetime max	Covered at 50% AB with a \$1,500 lifetime max

Employees who do not elect medical and/or dental insurance will receive compensation credited in equal installments to their pay throughout the year as indicated below:

FULL-TIME EMPLOYEES

Medical: \$450

Dental: \$96

TOTAL: \$546

PART-TIME EMPLOYEES

Medical: \$225

Dental: \$48

RETIREMENT

Employees classified as faculty, administrators and professional staff whose position requires a baccalaureate degree or higher may choose to participate in either the Maryland State Pension System or Optional Retirement Plan (ORP). Employees classified as support staff must participate in the Maryland State Pension System.

- ### **Maryland State Pension System**

Includes both the Teachers' and Employees' Pension Systems; vested after 10 years of service; mandatory 7% employee contribution.

- ### **Optional Retirement Plan**

A defined contribution plan with immediate vesting with one of two carriers: TIAA or Fidelity; the state contributes 7.25% of your base salary to your account.

- ### **403(b) Tax Shelter Annuities (Supplemental Retirement Account)**

As an educational institution, it is possible for AACC employees to shelter a portion of their salary. There are several companies from which to choose: TIAA, Fidelity, AIG and T. Rowe Price. Tax laws govern enrollment and administration of the plans. Calendar year 2020 annual limits are \$19,500 for under age 50 and \$26,000 for age 50+.

- ### **457(b) Deferred Compensation Plans**

A 457(b) plan allows employees the option for additional tax-free retirement savings options over and above the 403(b) Supplemental Retirement Plan the college currently offers. The 457(b) plan is totally separate from the 403(b) Supplemental Plan, however, if you participate in both plans you can essentially double your pretax contributions. Like the 403(b) plan, you choose how to allocate your pretax payroll contributions from a wide range of investment and account options. This plan is through TIAA. Calendar year 2020 annual limits are \$19,500 for under age 50 and \$26,000 for age 50 and older.

Creditable Coverage

You should be provided with a certificate of creditable coverage, free of charge, from your group health plan or health insurance issuer when you lose coverage under the plan, when you become entitled to COBRA, when COBRA coverage ceases, if you request it before you lose coverage, or if you request it up to 24 months after losing coverage. Without evidence of creditable coverage from the plan, you may be subject to a pre-existing condition exclusion for 12 months (18 months for late enrollees) after your enrollment date in other coverage.

Health Information Privacy

For purposes of the health benefits offered under the plan, the plan uses and discloses health information about you and any covered dependents only as needed to administer the plan. To protect the privacy of health information, access to your health information is limited to such purposes. The health plan options offered will comply with the applicable health information privacy requirements of federal regulations issued by the Department of Health and Human Services. The plan's privacy policies are described in more detail in the plan's Notice of Health Information Privacy Practices or Privacy Notice available on the Human Resources Benefits Intranet site. Please contact the Human Resources office if you have questions about the plan's privacy policies.

Sick Leave

Administrators, professional and support staff earn 15 days sick leave per fiscal year; 10-month faculty earn 10 days sick leave per academic year; 12-month faculty earn 15 days sick leave per fiscal year; regular part-time employees leave is prorated per above accruals.

Special Enrollment Rights

If you are declining enrollment in the medical plan for yourself or for your dependents (including your spouse) because of other health insurance coverage, you may in the future be able to enroll yourself or your dependents in this plan, provided that you request enrollment within 30 days after your coverage ends and provide supporting documentation. In addition, if you have a new dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll yourself and your dependents in the medical plan, provided that you request enrollment within 31 days after the marriage, birth, adoption or placement for adoption.

The Newborns' and Mothers' Health Protection Act of 1996 (NMHPA)

The Newborns' and Mothers' Health Protection Act of 1996 (NMHPA) affects the amount of time you and your newborn child are covered for a hospital stay following childbirth. In general, group health plans and health insurance issuers that are subject to NMHPA may NOT restrict benefits for a hospital stay in connection with childbirth to less than 48 hours following a vaginal delivery or 96 hours following a delivery by Cesarean section. If you deliver in the hospital, the 48-hour (or 96-hour) period starts at the time of delivery. If you deliver outside the hospital and you are later admitted to the hospital in connection with childbirth, the period begins at the time of admission. Although the NMHPA prohibits group health plans and health insurance issuers from restricting the length of a hospital stay in connection with childbirth, the plan or health insurance issuer does not have to cover the full 48 hours (or 96 hours) in all cases. If the attending provider, in consultation with the mother, determines that either the mother or the newborn child can be discharged before the 48-hour (or 96-hour) period, the group health plan and health insurance issuers do not have to continue covering the stay for whichever one of them is ready for discharge.

Important: In order to have your newborn added to a policy, you must enroll the newborn through Human Resources within 31 days of birth.

The Women's Health and Cancer Rights Act of 1998 (WHCRA)

The Women's Health and Cancer Rights Act of 1998 (WHCRA) is a federal law that provides protection to patients who choose to have breast reconstruction in connection with a mastectomy. As required by the WHCRA, this plan provides coverage for:

- All stages of reconstruction of the breast on which the mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses and physical complication of all stages of mastectomy, including lymphedema

Such coverage may be subject to annual deductibles and coinsurance provisions as may be deemed appropriate and are consistent with those established for other benefits under the plan or coverage. Written notice of the availability of such coverage shall be delivered to the participant upon enrollment and annually thereafter.

Tuition Reimbursement

Regular full-time employees are eligible to apply for reimbursement of up to \$3,300 per fiscal year for preapproved job relevant courses; if funds are available, regular part-time employees are eligible to apply for up to 50% of the fiscal year allotment for preapproved job relevant courses.

Tuition Waivers

Regular full-time employees, their spouse and dependent children may enroll in credit and some noncredit courses without tuition payment; regular part-time employees may enroll in credit and some noncredit courses without tuition payment, and their spouse and dependent children may enroll in credit and some noncredit courses at 50% tuition payment. Fees are charged.
